Mission and Competencies for the General Education Core at Mayland Community College

Mayland Community College's General Education core courses will provide the essential body of knowledge and skills that enable all degree-level students to perform competently as employees and as contributing members of society.

Graduates of all degree programs at Mayland Community College will have completed the

general education core. That core encompasses the essential knowledge and skills that enable all degree-level students to perform competently as employees and as contributing members of society. Upon completion of the general education core, students will be able to demonstrate the following:

1. Effective communication in speaking and listening situations needed for college, personal, and work successes
2. Effective communication in writing and reading situations needed for college, personal, and work successes
3. Logical, critical, and creative thinking to evaluate evidence and reach a conclusion
4. Application of basic computer use skills
5. Application of fundamental math skills
6. Basic awareness of the diversity of various world groups from both historical and contemporary contexts

Course Objectives:

- A.. To teach the basic skills in seeing and drawing.
- B. Express yourself through various mediums.
- C. Art Appreciation, The study of the masters Drawing techniques.

Learning Outcomes(LOs)

- A. Think critically and creatively to evaluate evidence and reach a conclusion.

Course Content:

- A. Art of Line
- B. Principles of Design and Composition
- C. Perspective
- D. Landscape
- E. Portrait Drawing
- F. Figure Drawing
