

HORT 245
Horticulture Specialty Crops

Credit: 3 hours

Text: *The Reference Manual of Woody Plant Propagation*, Michael Dirr

Materials needed: 3-ring binder, paper

Instructor: Dewayne Krege

Phone: 733-0151 ext. 1407

Room /Office number: 407

Office hours: By appointment

E-mail: dewaynekrege@avery.k12.nc.us

Course Description: This course introduces the techniques and requirements for the production of horticulture crops of local interest; particularly turfgrass. Topics include establishment, site selection, harvesting, marketing, and pest management.

Prerequisites: None

Course Objective:

1. Learn the basic techniques and skills to grow, maintain, and manage a specialty horticulture crop.

Grading: Class exercises, quizzes, notebooks, projects, tests, and a final exam will determine each student's grade. Make-up work is due within one week of returning to school. It is the responsibility of each student to find out what he/she missed. Final grades will be determined as follows:

| | |
|------------------|-----|
| Quizzes/projects | 25% |
| Notebook | 25% |
| Tests | 50% |

A = 93-100

B = 85-92

C = 77-84

D = 70-76

F = Below 70

Everyone is expected to attend class. See Mr. Krege before and after any expected absence.
